HERMESON CASTRO RIBEIRO - Senior Full Stack Developer

Brasília-DF, Brasil | hc.ribeiro@outlook.com | +55 6199367-9663 / +55 6193300-0507 | linkedin.com/in/hc-ribeiro

---

PROFESSIONAL SUMMARY

IT professional with over 14 years of experience in software analysis and development, with a solid background in the entire project lifecycle. Experienced developer with microservices architecture and cloud technologies (AWS, GCP, Azure, OpenShift), proficient in a broad spectrum of front-end and back-end languages and frameworks.

TECHNICAL SKILLS

- **Front-End:** JavaScript, TypeScript, React.js, Next.js, Angular, Vue.js, React Native, ExpoJS, HTML, CSS.
- **Back-End:** Java/Java EE, Node.js/TypeScript, PHP, COBOL, Docker, Kubernetes, N8N (automated workflows).
- **Cloud & DevOps:** AWS, Google Cloud Platform (GCP), Azure, OpenShift, Ansible, Git.
- **Databases:** MySQL, PostgreSQL, Oracle, MongoDB, DB2.
- **Solutions Architecture:** Architecture Definition, Diagramming (UML), Proof of Concept (PoC).
- **Methodologies:** Scrum, Kanban.

PROFESSIONAL EXPERIENCE

IT Analyst | Banco do Brasil | Brasília-DF | 2017 – 2025

- Led the technical team of the institution's Cloud Platform, focused on PaaS (Platform as a Service), developing and supporting applications in microservices with Docker and Kubernetes.
- Acted as a full stack developer in several financial product teams, using technologies such as React Native, Angular, Java, Cobol, DB2, and Oracle.
- Consistently worked in agile teams, applying Scrum and Kanban methodologies for solution delivery.

IT Analyst | Blue Aligner | Campinas-SP | 2020 – 2024

- Developed and provided support for applications in the dental products sector, working on both the front-end and back-end. Utilized Vue.js and Ionic (HTML, CSS, JavaScript) for creating user interfaces and PHP with Symfony for the back-end.
- Implemented and managed cloud services on AWS (Amazon) and GCP (Google Cloud Platform), with a MySQL database.

Advisor | Banco do Brasil | Boa Vista-RR | 2010 – 2017

- Developed tools for automating information capture and generating corporate reports, using Access/VBA, Java EE (JSP), JavaScript/JQuery, PostgreSQL, and MySQL.
- Performed administrative support tasks, optimizing processes through small software solutions.

EDUCATION

- **MBA in Software Engineering (in progress) - USP/ESALQ |** Expected Completion: 2025
- **MBA in Technology for Business: AI, Data Science, and Big Data** - PUC-RS | Completed: 2023
- **Analysis and Systems Development** - Faculdades Cathedral | Completed: 2015

CERTIFICATIONS & LANGUAGES

- **English - LinguaSkill General (CEFR B2)** | Exchange Idiomas | 2024
- **Languages:** English (Upper-Intermediate), Spanish (Intermediate)
